

July 2023

Dear Valued InSinkEerator Customer,

I am writing to let you know that InSinkEerator (Owners of Parex) has been acquired by Whirlpool Corporation. This truly is a positive development for Parex and its future, and we are excited to be joining the leading portfolio of brands in the Whirlpool Corporation family.

As one of our most important Parex customers, I want to personally let you know that our team will continue to serve your needs and deliver value for you, just like we always have. That will not change. I also want to assure you that Emerson, InSinkEerator and Whirlpool Corporation have worked together to determine specific transition and operational plans, ensuring a smooth transition for our customers, suppliers, employees, and other stakeholders after closing.

Over the long term, we expect Whirlpool Corporation's investment in InSinkEerator's growth and innovation will benefit you as a customer and help us better support your future growth.

I want to thank you for your continued loyalty to Parex and our brands, its business as usual, however, our emails are changing from Emerson to Whirlpool – see the appendix with contact and new email addresses and please share with your teams accordingly.

Best regards

Barnaby Thompson
General Manager
